

Dear Colleague,

Please allow us to take this opportunity to wish you a very happy and prosperous New Year!

At the same time, it would give us a great pleasure to welcome to our Anniversary EcoTER'23 Conference, for which we are sending you

The First Call

On behalf of the Organizing Committee, we are pleased to invite you to participate in the **30th Anniversary International Conference Ecological Truth & Environmental Research—EcoTER'23** to be held from 20 to 23 June 2023 in Bor, Serbia.

The Conference will provide a platform for researchers, industrial experts and practitioners to meet and share the results of innovative research and cutting-edge developments in the fields of ecology, technology, chemical engineering, environmental protection, biology, and environmental management.

The participants of the EcoTER Conference will have the opportunity to submit papers and discuss the following topics related to environmental impacts on our daily lives:

- Environmental monitoring and impact assessment
- **Urban and industrial ecology**
- Air, water and soil pollution, prevention and control
- **Protection and preservation of natural resources**
- Ecological ethics and environmental education
- **Ecotoxicology and environmental safety**
- Hazardous materials and green technologies
- **Human and ecological risk assessment**
- Agriculture: nutrition, organic food and health impacts
- **Alternative energy: efficiency and environmental policy**
- Greenhouse effect and global climate change
- **Sustainable development and green economy**
- Environmental biology
- **Environmental and material flow management**

- Life-Cycle-Analysis (LCA)

Full paper submission: **7 April 2023**

We kindly ask you to forward this first call to your colleagues, researchers and PhD students and help us in our effort to promote the EcoTER Conference.

Best regards,

President of the Organizing Committee
Prof. Dr Snežana Šerbula
University of Belgrade, Technical Faculty in Bor, SERBIA
